1989 HONOR ROLL

As we reflect on the past four years, we remember those who have aided us and shared with us their knowledge, and we are grateful. There are, however, those unique individuals who have befriended us in a real and honest way and would not allow us to let go of the dream. For this reason, the Class of 1989 wishes to recognize the following special people.

DOMINICAN REPUBLIC

1988 marked the 7th annual Dental Mission Trip to the Dominican Republic. Seven members of the Class of 1989 participated, bringing to 43 the number of BCDS students and alumni who have generously donated their vacation time to serve the poor. This year's travellers included Carlos Coro, Steve Pohlhaus, Imanoel Mizrahi, Kevin Lashinsky, Patricia Villalobos, Daniel Stewart, and Allan Schulman. Each spent two weeks in San Jose de Ocoa learning to extract teeth without radiographs, dance merengue, fight giant tarantulas, speak Spanish, and drink sapota. As always, everyone returned with a renewed sense of gratitude for what we have, appreciation for the oldest Western culture in the New World, spiritual fulfillment, and new found self confidence. Each touched their Dominican friends in unique ways, and the experience was a memorable one for all.

WHO'S WHO AMONG STUDENTS IN AMERICAN UNIVERSITIES AND COLLEGES

In order to be considered for selection as a candidate for membership in Who's Who Among Students in American Universities and Colleges a student must be an outstanding leader, scholar, citizen, and participant in both educational and extracurricular activities.

To be chosen for this honor a student is recommended by a committee composed of students and faculty within the Dental School and is then voted on by the National organization.

GORGAS ODONTOLOGICAL HONORARY SOCIETY

The Gorgas Odontological Society was organized in 1915 as a student organization and later it was changed to an honorary dental student society with scholarship as a basis for admission. The Society is named after Dr. Ferdinand J. Gorgas, a pioneer in dental education and a great contributor to dental literature. It was with this idea of perpetuating his name that the society adopted it.

The Society makes for its objective the furtherance of dental knowledge by discussion and lectures. Gorgas is comprised of Junior and Senior members whose scholastic endeavors have placed them in at least the top third of their class.

GAMMA PI DELTA PROSTHODONTIC HONORARY SOCIETY

Gamma Pi Delta was chartered in 1965 as an honorary student dental organization with scholarship and interest in the field of Prosthetic Dentistry as a basis for admission. The prestigious honor society requires maintenance of at least a "B" average in the disciplines of both Fixed and Removable Prosthodontics for all four years of dental school.

This year Gamma Pi Delta held four meetings at various restaurants in Baltimore. Special guest speakers were present at each dinner with their goals directed toward stimulating the creative interest of prosthodontics in general dentistry.

PSI OMEGA

The Psi Omega Fraternity was founded at the Baltimore College of Dental Surgery in 1892 by four members of the graduating class of 1894. The Alpha Chapter at the University of Maryland as it is known today strives to continue in the pursuit at the basic concept of the Fraternity's beginning ninety-three years ago — to offer a stimulating source of diversion from the many hours of dental education spent in the classroom, laboratory and clinic. Psi Omega extends a welcome means of relaxation and social fraternalism to members all dental and dental hygiene classes as well as alumni at Maryland.

XI PSI PHI

What can be said of ZIP that has not been said before? Yes, You're probably right — we are! The fact is that you may not know who or what we are. Let's face it — we are just a tired yet restless crowd seeking some relief from the turmoil we encounter each and every day. The best of times are spent in the company of a fellow Zipper, and we give all we can to make the best of what we have. We continue to strive to improve ourselves as dentists and professionals and have fun doing it. We are all proud to bear the name of a ZIPPER. Good luck seniors!

STUDENT AMERICAN DENTAL HYGIENISTS' ASSOCIATION

SADHA is the dental hygiene students' professional organization. As members of this organization we hope to gain an understanding of our profession and our role in the communities we will serve. Our goal this year was to become recognized in the Dental School, as well as on the UMAB campus. To reach this goal we became involved in different activities, such as revising our Constitution and Bylaws, forming a dental hygiene liaison program with dental students, and participating in the USGA. SADHA is also involved with community/public health activities, fundraising, spring banquet plans and professional growth.

Student participation in SADHA insures that the University of Maryland Dental Hygiene program graduates will be active and vital participants of the dental health care team and their local American Dental Hygienists' Association.

Publishing Representative	Patrick Mahoney

FROM THE S.D.A. PRESIDENT

Four years ago we began a pursuit towards a common goal. In the beginning the quest seemed insurmountable, but here it is 1989, and we have reached that goal. It is the initiative of the personality of each one of us that faces us with new challenges in specialties, residencies, private practice or the military. This is the personality that will continue to improve the profession of dentistry.

I am confident you will agree that these past four years have been among the most demanding of our lives. We have seen personalities clash, private lives disrupted, and stressful conflict between the students and administration. The Student Dental Association is dedicated toward the latter. The SDA has attempted, with great success I believe, to soothe the often turbulent waters between the student body and the administration.

In the future I urge you, the Class of 1989, to continue your quest for excellence and remember the relationships we have built. The best of luck to everyone.

John M. Emmett III

FROM THE CLASS PRESIDENT

The pursuit of professionalism is an arduous and time consuming process, fraught with many joys and challenges. Four years ago we began this pursuit, and today we arrive at the threshold of actualization. Our joy at this, the beginning of our professional lives, is a well-earned sentiment and one in which we should long delight. However, along with our joy we will also soon experience the burden of ultimate responsibility, independently making those decisions that affect the health of another human being. The knowledge and skills we have acquired at BCDS will aid us in this quest, as will our dedication and perseverance.

It is this dedication and perseverance that I believe are the hallmarks of the Class of 1989. Dental School has posed numerous challenges throughout the course of the past four years, yet we have consistently remained confident, and even managed to have fun. We have all grown as individuals, thereby growing as a class, and are now the professionals we have sought to become.

My association with the Class of 1989 has been both an honor and a privilege and will be the source of future fond reflections. Thank you for four memorable years; good luck to each of you, and remember to always keep the dream alive.

Gordon Bell

FROM THE EDITOR

The opportunity to become Editor of The 1989 MIRROR brought with it one very perplexing question ... what message did I want the yearbook to convey?

Throughout these past four years we have encountered many roadblocks altering our path to the ultimate goal. The perils and pitfalls notwithstanding, I have chosen to illustrate only the best of times we, the Class of 1989, have experienced. For it is these memories that we will reflect upon years from now.

I would like to thank my staff for their tireless devotion in preparing the yearbook.

My heartfelt congratulations to each and every one of my classmates. We have finally cleared the last hurdle, and we surely deserve it.
